Summer Half Term 2, *Poetry: Breathings of your Heart*

Overarching Topic:	
Why is this topic being studied at this time?	Poetry demonstrates the sheer power, the profound importance and the admirable beauty of words. It's a literary act of bravery full of emotions and observations about the ways we love and live; a world in which the ordinary becomes extraordinary. In this unit, students will be exposed to a range of poetry, all carefully chosen for their poetic prowess, in order to explore poetical conventions, language and just how poetry observes, reflects and refracts society.
How does it fit into the wider subject curriculum?	Contextually poetry helps across the whole curriculum as it gives an empathetic understanding of a range of concepts, places, and events. Poetry hones writing skills, especially in condensing complex and abstract perspectives and emotions into words. The RWS KS3 Poetry Anthology also exercises memory and performance skills through poetry recitals that will link with studies in Music and Drama.
